

Chief Engineer, West Coast Mission

2 April 1948

Chief, FBI

1. Acknowledgment is made of Reseda Project Report dated 26 March 1948.

2. Present information is that dictaphone transcribers are now in production and that delivery on our order can be made to Washington about 15 May 1948. The transcriber is equipped with a foot control for starting, stopping and back spacing, and one pair of Telax earphones. Delivery of filing cards to be inserted into the belt records and of filing cabinets for them is expected about 1 May 1948.
